

Party hat

The workbench

- Poster paint (non toxic)
- Paint brush
- Glitter
- Paper plate
- Stapler
- Tape
- 3 balloons
- Hat elastic
- String

Step 1.

Draw a circle in the middle of the plate about the size of a ten-cent piece then cut a line from the outside of the plate to the circle also cutting out the circle. Overlap one side of the cut plate over the other side of the plate to form a cone shape, then staple into place.

Step 2.

Paint the top of the hat all over and sprinkle with glitter then blow up 3 balloons to a small size tying them all together using the balloon ends. Tie a small length of string around them then thread the string through the hole at the top of the hat. Secure the string with tape on the inside of the hat.

Step 3.

Cut to size a piece of hat elastic and tape onto both sides of the hat so that it fits under your chin. Have a wonderful party.
