

# Jelly belly balloon

## The workbench

- 2 balloons
- Craft glue and brush
- Red felt (cut out mouth and leg shapes)
- Wool or shredded cellophane
- Glitter
- Small pom poms (available at craft retailers)
- Pipe cleaner
- Plastic eyes

## **Step 1.**

Blow up a small balloon head with air only and tie in a knot; then fill up another balloon with 1-2 cups of water, when complete fill the remainder of the balloon with air, so the body is bigger than the head, then tie in a knot.

## **Step 2.**

Tie the balloon head to the balloon body using the end of both balloons. Glue onto the balloon head, cello or wool hair, plastic eyes, pom pom nose and cut out a felt mouth to complete your individual face for the jelly belly balloon

## **Step 3.**

Apply some glue to the cheeks; then sprinkle on some glitter. Wrap a pipe cleaner around the neck joint for arms. Glue on cut out felt legs and decorate the balloon body with glitter and add stickers (optional) if you wish.
