

Mr. Echidna

The workbench

- Poster paint (non toxic)
- Paint brush
- Colored match sticks (craft shops)
- 1 egg shaped foam (cut down the middle)
- Glitter
- Push in plastic eyes
- Milk container lids, 2 per echidna
- Two nails
- 1 small pom pom per echidna
- Craft glue

Step 1.

Paint the foam body of the echidna then while the paint is still wet sprinkle on some glitter to decorate.

Step 2.

Push the plastic eyes into the foam at the pointed end. Twist the colored matchsticks in all over the top and sides of the echidna, until they stand up alone and secure.

Step 3.

Paint on a mouth and glue on the nose. Push the nails through the container lids in the middle, and push into the center of the echidna at the base.
