

# Tiny Flower pot

## Ingredients:

- Tiny wooden pot (1cm base diameter)
- Tissue paper (3 colours)
- Pom pom Small
- Cake Pattie paper (used for cooking little cakes in)
- Chenille stick (pipe cleaner)
- Green paper
- Paint or decorative items to decorate the pot exterior
- PVA Glue (Elmers glue or woodworking glue)

# How to do it

Step 1. Twirl your chenille stick around a pencil and glue into the pot base.

Step 2. Cut paper into thin strips and glue into the pot

Step 3. Cut 3 tissue paper squares roughly the same size as the pattie cups largest size.

Step 4. Poke 2 holes in the tissue paper squares and pattie cup in the centre and thread through the top end of the chenille stick located in the pot through the two holes and squeeze to secure the paper onto the chenille stick.

Step 5. Glue in pom pom to the flower centre and shape the tissue paper to look like a flower.
